

An INTERCONNECTED ECOSYSTEM for Food & Beverage

Solutions That Go Beyond Payments

Shift4 Payments provides an ecosystem of business solutions and payment processing services that can add incredible value for any foodservice operator. Our comprehensive offering includes point-of-sale integration, order- and pay-at-the-table solutions, business intelligence and management tools, email marketing, a third-party app marketplace, the most secure payment technologies, and much more.

Everything You Need — All From a Single Source

Our all-in-one solution includes:

Software Integrations

We have rich integrations with hundreds of leading point-of-sale systems, allowing you to find the right solution with features that fit your unique business needs.

Pay-at-the-Table Devices

Pay-at-the-table has arrived, and it's free!* SkyTab combines state-of-the-art hardware with simple and intuitive software to deliver an exceptional experience for restaurants and their guests — anytime, anywhere.

Tableside

Tableside combines purpose-built hardware with full POS software for an unmatched order- and pay-at-the-table solution that is fully integrated with the POS system.

Marketplace

We offer a one-of-a-kind POS marketplace with a wide range of certified third-party apps — including DoorDash, Mailchimp, and QuickBooks — that seamlessly integrate with your existing POS system.

Business Intelligence

Shift4's Lighthouse Business Management System offers a variety of additional tools and features like social media management, customer engagement, online reputation management, and more.

Secure Payment Processing

Our complete payment solution includes free EMV devices, PCI-validated P2PE, tokenization, and enterprise-wide auditing, accounting, and reporting tools, cutting costs across the board.

Exceptional Support

With just a single call, you get quick, unparalleled customer support for all your payments needs from our knowledgeable in-house team, available 24/7/365.
